

## Herpa congratulates Auhagen on 140 years of model making heritage!

Herpa has come up with two additional reasons to celebrate Auhagen's anniversary. Two exclusive Mercedes-Benz Sprinter models are on their way - one decorated with nostalgic pictures from the company's rich history, the other featuring a lovingly rendered Erzgebirge mountains landscape that could hardly be more beautiful. These fantastic models can be admired and purchased in Marienberg, Auhagen's home base, from September 6 to 7.

Also present will be a Herpa wheel of fortune offering great prizes! Spin, win, and be amazed - from miniature models to surprises for young and old.

Experience the joy of model making, history you can touch, and real collecting passion - at Auhagen's 140th anniversary, with Herpa as honored guests. We are already looking forward to being there. Come along and celebrate with us!
