

Herpa is going to the Black Forest!

We're celebrating Faller's 80th anniversary!

Some things start small and grow over generations. For 80 years, Faller has been led precisely by the principle of turning ideas into something tangible. Creating whole worlds out of individual parts.

We'd love to celebrate this special anniversary with our business colleagues and with you. We are delighted to have been invited to the Black Forest from 25 to 26 September. But of course, we don't want to turn up empty-handed. That's why we've brought along a very special model for this historic event.

Our high roof Mercedes Sprinter (963138) will be available over these two days as a limited-edition special model. This miniature vehicle showcases Faller's history and the beauty of the Black Forest. As a little insider tip, we'd like to assure you that our friends at Faller will also be taking this little Sprinter to future trade fairs – provided it's still available after the anniversary celebrations.

We're really looking forward to spending these days in Güttenbach with you and, above all, with Faller.
