The best is saved for last....

Two new trade fair models at Faszination Modellbau in Friedrichshafen, in the tri-border area around Lake Constance

The smell of speculoos, gingerbread on the shelves, and the first ideas for Christmas presents are already in the air. A sign that the year is drawing to a close. Reason enough for one last trade fair stop at the 23rd Faszination Modellbau in Friedrichshafen from October 31 to November 2. The special atmosphere in the light-flooded exhibition halls is always a popular meeting place that makes the hearts of model builders beat faster.

In Hall xx at booth xx, we have traditionally brought along a limited, exclusive trade fair model in the run-up to Christmas. Our high roof Mercedes-Benz Sprinter will transport you into a world full of glitz and glamor. The vehicle shines in festive paintwork full of sparkling baubles and majestic Christmas trees.

If that's not reason enough, we have one more ace up our sleeve for you:

Last year, the Friedrichshafen fire department model already enjoyed great popularity. We wish to build on this success in 2025 and present a MAN TGM fire fighting vehicle Feuerwehr Friedrichshafen" exclusively at stand xx. Our detailed fire fighting vehicle miniature model is sure to evoke the same excitement and operational spirit to your home.

Our trade fair team and Product Manager of Cars & Trucks, Stefan Blank, are looking forward to stimulating discussions with you at Faszination Modellbau in Friedrichshafen.
