

30 years of the Hobbymesse in Leipzig

Herpa is bringing along no fewer than three special models!

For years, the Hobbymesse in Leipzig has been a key date in our trade fair calendar. No other event manages to bring together so many different hobbies. That is why the Hobby Fair team is proud to announce that this year marks its 30th anniversary.

So come along and let's kick off the birthday weekend together from 2 to 4 October. We're really looking forward to being there again, in Hall 3 at Stand J22.

Naturally, our high roof Mercedes-Benz Sprinter (930826) has been given a special makeover for the occasion. The colors of the Hobbymesse logo are reflected on the miniature vehicle, and the birthday is celebrated all over the bodywork. The Sprinter is available for just 10 euros at our stand.

There'll also be exciting news for TT model-making fans (1:120 scale). We'll once again be bringing a Skoda S 110L (949132) with us - this time in the special wine-red paintwork.

As our third special model, we have something for all emergency service enthusiasts. We are delighted to present the Mercedes-Benz Sprinter 18 RTW in use at the Leipzig Fire Brigade (962261).

We're really looking forward to seeing you at our stand J22 in Hall 3.
