

Guests at Märklin in Göppingen

Two top events in one place

When you think of model railroads, one name certainly comes to mind: Märklin. Every two years we have the pleasure of being guests at the famous Märklin Days, this time from September 19 to 21. At the same time, the International Model Railway Exhibition (IMA) will also be held in Göppingen. As always, you will find us in the Werfthalle at booth 10.

We are particularly proud of this year's exhibition model, a high roof Mercedes-Benz Sprinter. This was printed on both sides with an S 3/6 steam locomotive and the corresponding logos of the event. Even when "driving away", this Mercedes-Benz is a special eye-catcher with the "Swiss crocodile" (a 1919 electric locomotive) depicted on the rear. We feel we have managed to capture the essence of railroad tradition on a transporter and very much hope it finds a place on your layout.

Alternatively (or additionally), this year we are again offering you three exclusive sets of cars from different eras (IV, V and VI). Each set contains four detailed cars and therefore a perfect addition to your layout.

We hope that we can experience a few unforgettable days with you in Göppingen and look forward to seeing you in the Werfthalle at booth 10.
